Proposal for a

COUNCIL DIRECTIVE

**amending Annex I to European Parliament and Council Directive 94/62/EC on
packaging and packaging waste**

(Text with EEA relevance)

EXPLANATORY MEMORANDUM

Article 3 (1) of Directive 94/62/EC on packaging and packaging waste provides a generic definition of packaging and criteria for interpretation of what is packaging and what is not. Annex I of the Directive provides a list of illustrative examples of the application of these criteria. Following the requirements of Article 3 (1) of Directive 94/62/EC, the Commission shall examine, and where necessary review, the list of illustrative examples for the definition of packaging given in Annex I. In order to further harmonise the interpretation of the definition of packaging in the EU, Annex I of Directive 94/62/EC is reviewed to add new illustrative examples that have been discussed with the Member States.

The measure is required to clarify cases where the borderline between what is packaging and what is not, remains unclear. The aim is to facilitate the implementation and enforcement of the packaging legislative framework and create a level playing field for economic operators across the EU's internal market.

Accordingly, the Commission submitted a draft Directive for vote in the Committee established under Article 21 of the directive. The Committee did not deliver an opinion on the draft Directive in its meeting on 12 December 2011. In accordance with the procedure set out in Article 5a of Decision 1999/468/EC a Proposal for a Council Directive was submitted to Council and forwarded to the European Parliament.

A corrigendum to the proposal for a Council Directive is necessary to delete the repetition of the item 'refillable steel cylinders used for various kinds of gas, excluding fire extinguishers' as an example for packaging under criterion (i) and criterion (ii). The item should only appear as an illustrative example for packaging under criterion (i).

Proposal for a

COUNCIL DIRECTIVE

amending Annex I to European Parliament and Council Directive 94/62/EC on packaging and packaging waste

(Text with EEA relevance)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to European Parliament and Council Directive 94/62/EC of 20 December 1994 on packaging and packaging waste¹, and in particular Article 3(1) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) Article 3(1) of Directive 94/62/EC defines 'packaging' by setting out a number of criteria. The items listed in Annex I to that Directive are illustrative examples of the application of those criteria.
- (2) For reasons of legal certainty and harmonisation of the interpretation of the definition of 'packaging', it is necessary to review and amend the list of illustrative examples to clarify additional cases where the borderline between what is packaging and what is not, remains unclear. The review follows calls from the Member States and the economic operators to reinforce the implementation of the Directive and create a level playing field in the internal market.
- (3) Directive 94/62/EC should therefore be amended accordingly.
- (4) The Committee established by Article 21 of Directive 94/62/EC has not delivered an opinion on the measures provided for in this Directive and the Commission therefore submitted to the Council a proposal relating to the measures and forwarded it to the European Parliament.
