### **Article 9**

Government officials and equivalent personnel who are sent by the government of a Party to the territory of the other Party are subject only to the legislation of the first mentioned Party. These persons are, for this purpose, considered to be resident in the territory of this Party, even if they are located in the territory of the other Party.

## **PART III PROVISIONS CONCERNING AUSTRALIAN BENEFITS**

### **Article 11**

#### **Totalisation for Australian benefits**

1. Where a person to whom this Agreement applies has claimed an Australian benefit under this Agreement and has, without the application of this Agreement, accumulated:

- (a) a period as an Australian resident that is less than the period required to qualify him or her, on that ground, under the legislation of Australia for a benefit; and
- (b) a period of Australian working life residence equal to or greater than the minimum period identified in accordance with paragraph 4 for that person;

and has accumulated a period of insurance in Austria, then for the purposes of a claim for that Australian benefit, that period of insurance in Austria shall be deemed, only for the purposes of this Article for meeting any period required for qualification for that benefit set out in the legislation of Australia, to be a period in which that person was an Australian resident.

2. For the purposes of paragraph 1, where a person:

- (a) has been an Australian resident for a continuous period which is less than the minimum continuous period required by the legislation of Australia for entitlement of that person to a benefit; and
- (b) has accumulated a period of insurance in Austria in two or more separate periods that equals or exceeds in total the minimum period referred to in subparagraph (a);

the total of the periods of insurance in Austria shall be deemed to be one continuous period.

3. For all purposes of this Article, where a period by a person as an Australian resident and a period of insurance in Austria coincide, the period of coincidence shall be taken into account once only by Australia as a period as an Australian resident.

4. The minimum period of Australian working life residence to be taken into account for the purposes of paragraph 1 shall be as follows:

- (a) for the purposes of an Australian benefit that is payable to a person who is not an Australian resident, the minimum period shall be twelve months of which at least six months must be continuous; and
- (b) for the purposes of an Australian benefit that is payable to an Australian resident, no minimum.

5. For the purposes of a claim by a person for a pension payable to a widowed person, that person shall be deemed to have accumulated a period of insurance in Austria for any period for which his or her partner accumulated a period of insurance in Austria but any period during which the person and his or her partner both accumulated a period of insurance in Austria shall be taken into account once only.

## **Article 12**

### **Calculation of Australian Benefits**

1. Subject to paragraph 2, where an Australian benefit is payable whether by virtue of this Agreement or otherwise to a person who is outside the territory of Australia, the rate of that benefit shall be determined according to the legislation of Australia but when assessing the income of that person for the purposes of calculating the rate of the Australian benefit only a proportion of any Austrian benefit which is received by that person shall be regarded as income. That proportion shall be calculated by multiplying the number of whole months accumulated by that person in a period of Australian working life residence (not exceeding 300) by the amount of that Austrian benefit and dividing that product by 300.

2. A person referred to in paragraph 1 shall only be entitled to receive the concessional assessment of income described in that paragraph for any period during which the rate of that person's Australian benefit is proportionalised under the legislation of Australia.

3. Where an Australian benefit is payable by virtue of this Agreement or otherwise to a person who is in Austria, any compensatory supplement or social assistance and similar means-tested payment paid by Austria to that person shall be disregarded by Australia in computing that person's income for the purposes of the legislation of Australia or the application of this Agreement.

4. Subject to the provisions of paragraph 5, where an Australian benefit is payable only by virtue of this Agreement to a person who is in Australia, the rate of that benefit shall be determined by:

- (a) calculating that person's income according to the legislation of Australia but disregarding in that calculation the Austrian benefit received by that person;
- (b) deducting the amount of the Austrian benefit received by that person from the maximum rate of that Australian benefit; and

(c) applying to the remaining benefit obtained under subparagraph (b) the relevant rate calculation set out in the legislation of Australia, using as the person's income the amount calculated under subparagraph (a).

5. Where the rate of a benefit calculated in accordance with paragraph 4 is less than the rate of that benefit which would be payable under paragraphs 1, 2 and 3 if the person concerned were outside Australia, the first-mentioned rate shall be increased to an amount equivalent to the second-mentioned rate.

6. The provisions in paragraphs 4 and 5 shall continue to apply for 26 weeks where a person temporarily leaves Australia.

7. Where a member of a couple is, or both that person and his or her partner are, in receipt of an Austrian benefit or benefits, each of them shall be deemed, for the purposes of paragraph 4 and for the legislation of Australia, to be in receipt of one half of either the amount of that benefit or total of both of those benefits, as the case may be.

8. For the purposes of paragraph 5, a comparison of the rates of the benefits shall be made as at:

- (a) the date of the first pension pay day occurring after the date from which the benefit is payable; and
- (b) each anniversary of that pension pay day for so long as the person concerned is entitled to the benefit;

using, in that comparison, the number of months of the period of Australian working life residence accumulated by the person at the date as at which the comparison is made.

9. In paragraphs 1 and 4 of this Article references to Australian benefits do not include double orphan pension.

## **PART IV PROVISIONS CONCERNING AUSTRIAN BENEFITS**

### **Article 13**

#### **Totalisation for Austrian benefits**

1. Where the Austrian legislation makes the acquisition, maintenance or recovery of entitlement to benefits conditional upon the completion of periods of insurance in Austria, the institution which applies that legislation shall take account, as far as necessary, of periods of Australian working life residence as if they were periods of insurance in Austria.

2. Where the Austrian legislation makes the award of certain benefits conditional upon the completion of periods of insurance in Austria in an occupation covered by special schemes or in a specified occupation or employment, then from the periods of Australian working life residence only those periods completed under a corresponding scheme, or, failing that, in the same occupation or, where appropriate, in the same employment, shall be taken into account for the award of such benefits.

3. Where the Austrian legislation provides that the period of payment of a pension shall prolong the reference period during which periods of insurance in Austria must be completed, periods during which a corresponding benefit has been awarded under the Australian legislation shall prolong the aforesaid reference period.

4. Periods of Australian working life residence, during which the person concerned was employed or self-employed, shall be treated as periods of contributions of obligatory insurance due to gainful activity.

5. The periods of coverage of a person completed in a third country, with which Austria has a Social Security Agreement of the same kind, shall also be taken into account for the purpose of acquiring entitlement to a benefit under Austrian legislation.

### **Article 14**

#### **Calculation of Austrian Benefits**

1. Where entitlement to a benefit exists under the Austrian legislation without the application of Article 13, the competent Austrian institution shall determine the amount of the benefit in accordance with the Austrian legislation on the basis of periods of insurance in Austria exclusively.

2. Where entitlement to a benefit exists under Austrian legislation only by totalising periods under Article 13, the competent institution for Austria shall determine the amount of the benefit in accordance with Regulation (EC) No. 883/2004, with periods of Australian working life residence, to be deemed periods of insurance in another Member State of the European Union.

3. As an exception from paragraph 2 of this Article, child raising periods shall be taken into account for the determination of the benefit only in accordance with the Austrian legislation.

4. Where the periods of insurance in Austria to be taken into account under the Austrian legislation for the calculation of the benefit are in aggregate less than twelve months, and no entitlement to a benefit has been established under the Austrian legislation exclusively on the basis of these periods, no benefit under that legislation shall be paid.

## **PART V MISCELLANEOUS AND ADMINISTRATIVE PROVISIONS**

### **Article 15**

#### **Lodgement of Documents**

1. The date on which a claim, notice or appeal concerning the determination or payment of a benefit under the legislation of a Party is lodged with an authority, institution or other competent body of the other Party shall be treated, for all purposes concerning the matter to which it relates, as the date of lodgement of that document with an authority, institution or other competent body of the first Party.

2. The date on which a claim for a benefit under the legislation of a Party is lodged with the competent institution of that Party shall be considered to be the date on which a claim for the corresponding benefit under the legislation of the other Party was lodged if:

- (a) the applicant provides information at the time of the original claim indicating that the person on whose record benefits are claimed has completed relevant periods of residence or of insurance under the legislation of the other Party; and
- (b) a claim for the corresponding benefit is received by the competent institution of the other Party within 12 months of the lodgement of the original claim.

### **Article 16**

#### **Advance Payments and Overpayments**

1. Where an Austrian institution has made an advance payment to a person for any period and arrears of a corresponding benefit become payable for the same period under the legislation of Australia, the competent institution of Australia shall deduct from those arrears the amount paid by way of advance payment and shall transfer the amount so deducted to the Austrian institution. Where an Austrian institution has overpaid a benefit for any period for which the competent institution of Australia afterwards becomes liable to pay a corresponding benefit, the overpayment shall be regarded, for the purpose of the first sentence, as an advance payment.

2. Where

- (a) an Austrian benefit is paid or payable to a person in respect of a past period;
- (b) for all or part of that period, an Australian benefit has been paid to that person; and
- (c) the amount of the Australian benefit would have been reduced had the Austrian benefit been paid during that period;

then

- (d) the amount of the Australian benefit that would not have been paid had the Austrian benefit described in subparagraph (a) been paid on a periodical basis throughout that past period, shall be a debt due by that person to the Commonwealth of Australia; and
- (e) Australia may determine according to the legislation of Australia that the amount or any part of that debt may be deducted from future payments of Australian benefit payable to that person.

3. Where an Austrian institution has not yet paid the benefit described in subparagraph 2 (a) to the person:

- (a) the Austrian institution shall, at the request of the competent authority of Australia pay the amount of the benefit necessary to meet the debt described in subparagraph 2 (d) to the competent institution of Australia and shall pay any excess to the person; and
- (b) any shortfall may be recovered by the competent authority of Australia under subparagraph 2 (e).

#### **Article 17**

##### **Payment of Benefits**

1. The benefit-paying institution of a Party may discharge its obligations under this Agreement in the national currency of that Party.
2. A benefit payable by a Party by virtue of this Agreement shall be paid by that Party without deduction for administrative fees and charges.

5. The institutions and the competent authority of one Party may not reject claims or other documents submitted to them by reason only of the fact that they are written in an official language of the other Party.
6. If the competent institution of one Party requires an applicant or beneficiary who lives in the territory of the other Party to undergo a medical examination, such examination shall, at the request of that institution, be arranged or carried out by the institution of the latter Party at its expense.

#### **Article 19**

##### **Exemption from Taxes and from Authentication**

1. Any exemption or reduction provided for in the legislation of one Party for taxes, stamp duty, legal dues or registration fees for certificates or documents which have to be submitted for the application of this legislation shall be extended also to the respective certificates or documents which must be submitted for the application of this Agreement or the legislation of the other Party.

#### **Article 20**

##### **Data Protection**

1. Insofar as personal data is communicated pursuant to this Agreement and is subject to domestic laws of the Parties, the following provisions shall apply, taking into consideration other binding provisions of the Parties:
  - (a) For the implementation of this Agreement and the legislation referring thereto personal data may be communicated to the competent bodies of the receiving Party. The receiving body shall not use the data for any purpose other than for that which it was originally communicated. Onward transmission of personal data within the territory of the receiving Party to other bodies is admissible in conformity with the domestic law of the receiving Party insofar as it serves social security purposes or the purposes of the legislation specified in subparagraph 1 (a) (ii) of Article 2 including related court procedures. Even in the case of disclosure of information in public court proceedings or in judicial decisions personal data

shall be treated as confidential unless its disclosure is necessary to safeguard overriding the legitimate interests of another person or overriding substantial public interests.

- (b) Any personal data communicated in whatsoever form between the responsible authorities, institutions or any other bodies concerned pursuant to this Agreement or to any arrangement implementing this Agreement shall be treated as confidential in the same manner as like information obtained under the domestic law of the receiving Party. These obligations shall apply to all persons fulfilling tasks under this Agreement and to persons otherwise bound by the obligation of confidentiality relating to personal data.
  - (c) In specific cases the receiving body shall give information upon request of the communicating body about both the use of the personal data received and the results which had been achieved through the use of this personal data.
  - (d) The communicating body shall ensure that personal data communicated pursuant to this Agreement is accurate and up-to-date. Before initiating any communication of personal data the communicating body shall examine whether or not the communication is necessary and proportionate with regard to the purpose of the communication in question. This is to be done with due consideration to prohibitions on communication existing in the relevant domestic law. In the case of communication of inaccurate data or data which was not permitted to have been communicated under the domestic law of the communicating Party the receiving body must be informed thereof without undue delay. The latter shall carry out the necessary deletion or correction of the data immediately. If the receiving body has reason to suppose that communicated data might be inaccurate or should be deleted, this body shall immediately inform the communicating body thereof without undue delay.
  - (e) A person whose personal data has been communicated pursuant to the Agreement, who proves their identity in an appropriate manner, shall, upon request of that person, be provided by the body responsible for processing with information about the data relating to them which has been communicated or processed, the origin of the data as far as possible, the recipients or categories of recipients of communications, the intended purpose of the use of data and the legal basis of the communication of the data in a generally understandable form. This information shall be given without undue delay and, in principle, free of charge. Moreover the person concerned shall have the right to have incomplete or inaccurate data corrected and unlawfully processed data deleted. Further procedural details relating to the enforcement of these rights are subject to domestic law.
  - (f) The Parties shall provide every data subject whose rights to information, correction and deletion have been violated with the right to have the matter decided by an independent authority. Furthermore, the Parties shall ensure that any data subject who has suffered damage as a result of an unlawful processing of data is entitled to receive compensation for the damage suffered from the body responsible for processing the data in accordance with the respective Party's domestic law.
  - (g) Personal data communicated shall be deleted, if found to be inaccurate, or unlawfully obtained or communicated, or if lawfully communicated data are to be deleted at a later date pursuant to the domestic law of the communicating Party, or if data is no longer needed for the purpose for which it was communicated and if there is no reason to suppose that the deletion could affect interests deserving protection of the person in the field of social security or the legislation specified in subparagraph 1 (a) (ii) of Article 2 of the Agreement.
  - (h) Both the communicating body and the receiving body shall record the reason, contents and date of any communication or receipt of personal data as well as the communicating and receiving body. Data communicated online shall be logged using automated processes. The records and logs shall be stored for at least three years and may only be used for the purpose of monitoring compliance with the applicable provisions on data protection.
  - (i) Both the communicating body and the receiving body shall effectively protect communicated personal data against accidental or unauthorised destruction, accidental loss, unauthorised access, unauthorised or accidental modification and unauthorised disclosure.
2. The provisions of paragraph 1 of this Article shall apply accordingly to trade and business secrets.
