Joint Committee on Business, Enterprise and Innovation

Political Contribution on

Amended proposal for a Directive of the European Parliament and of the Council on certain aspects concerning contracts for the sales of goods, amending Regulation (EC) No 2006/2004 of the European Parliament and of the Council and Directive 2009/22/EC of the European Parliament and of the Council and repealing Directive 1999/44/EC of the European Parliament and of the Council

February 2018

32 BEI 009

1. Introduction

- 1.1. The Oireachtas Joint Committee on Business, Enterprise and Innovation (“the Committee”), considers *COM(2017)637 Amended proposal for a Directive of the European Parliament and of the Council on certain aspects concerning contracts for the sales of goods, amending Regulation (EC) No 2006/2004 of the European Parliament and of the Council and Directive 2009/22/EC of the European Parliament and of the Council and repealing Directive 1999/44/EC of the European Parliament and of the Council* to be significantly important to Ireland and the EU.

2. Scrutiny by the Joint Committee on Business, Enterprise and Innovation

- 2.1. The Committee first considered the proposal at its meeting on 6 December 2017, when it was agreed to conduct further scrutiny. It was agreed to invite officials from the Department of Business, Enterprise and Innovation to brief the Committee in private session.
- 2.2. The Committee heard from the officials from the Department of Business, Enterprise and Innovation at its meeting on 13 February 2018. Following the discussion, the Committee agreed to draft a Political Contribution.

3. Decision of the Committee

- 3.1. On 27 February 2018 the Committee agreed to forward a copy of this Political Contribution to Ms Heather Humphreys T.D., Minister for Business, Enterprise and Innovation, Mr Jean Claude-Juncker, President of the European Commission, Mr Antonio Tajani MEP, President of the European Parliament, and Mr Donald Tusk, President of the European Council.
- 3.2. The Joint Committee further agreed that, in the interests of inter-parliamentary cooperation on EU matters, a copy of this report be forwarded to the appropriate Committee in the National Parliament of each EU Member State each of Ireland’s MEPs.

4. Opinion of the Committee

Having considered the proposal in detail, the Committee makes the following observations

- 4.1. The Committee notes:
 - a. that the amendments to the previous proposal, *COM(2016) 635*, have addressed the concerns surrounding the dual regime of online versus face-to-face sales;
 - b. and welcomes the two year period in which the lack of conformity with the contract is presumed to have existed at the time of acceptance of the good.

While details of the proposal remain to be teased out, the Committee wishes the following concerns to be taken into consideration as the proposal develops.

4.2. The Committee is concerned:

- a. that the proposal leads to a reduction in protection for Irish consumers. The Committee is particularly concerned at the provision in Article 14 for a period of two years for consumers to be entitled to a remedy for a lack of conformity. This is significantly below the current six year time frame provided for by Irish legislation;
- b. that Irish consumers will lose the right to request a refund as the first remedy, though the Committee is conscious that this is not an absolute right;
- c. that the increased protections in some instances provided for in the proposal do not offset the reductions in protection for the Irish consumers in other areas.

4.3. The Committee recommends:

- a. that a minimum harmonisation approach be adopted, especially in the case of the two year time limit for a remedy for a lack of conformity, as previously outlined;
- b. that different timeframes be introduced through product-specific legislation for products that should reasonably be expected to have a longer life span than two years;
- c. that every effort be made to avoid a reduction in existing consumer protections in Member States.
